

Appendix I

Terms of reference of the Environmental Management Group

Background

The General Assembly in its resolution 53/242, paragraph 5, supports the proposal of the Secretary-General to establish an environmental management group for the purpose of enhancing United Nations system-wide inter-agency coordination related to specific issues in the field of environment and human settlements.

Mandate

Taking into account the views expressed by Member States on the report of the Secretary-General on environment and human settlements (A/53/463), and also taking into account the mandates of the relevant United Nations system organizations and bodies, as well as the views expressed by ACC (see ACC/1999/4) and IACSD at its thirteenth and fourteenth meetings, the Environmental Management Group is entrusted with the following responsibilities:

- To provide an effective, coordinated and flexible United Nations system response to and to facilitate joint action aimed at finding solutions to important and newly emerging specific issues of environmental and human settlements concern, through an issue management approach as outlined in the report of the Secretary-General entitled "Renewing the United Nations: A Programme for Reform" (A/51/950);
- To promote inter-linkages, encourage timely and relevant exchange of data and information on specific issues and compatibility of different approaches to finding solutions to those common problems, contribute to the synergy and complementarity among and between activities of its members in the fields of environment and human settlements, and hence act in a complementary manner and add value to the existing United Nations system-wide inter-agency cooperation.

Objectives

In fulfilling its mandate, the Group shall aim at attaining the following objectives:

To identify, address and resolve collectively specific problems, issues and tasks on the environmental and human settlements agenda requiring enhanced inter-agency cooperation in a given time-frame through securing effective and collaborative involvement of the relevant United Nations system agencies, programmes and organs and of other potential partners, as appropriate;

To provide a forum for an early discussion and sharing of information on emerging problems and issues in the field of environment and human settlements geared at finding collectively the most effective coordinated approach to the solution of the new tasks;

To assist UNEP and Habitat in carrying out their functions related to the promotion of coordinated approaches to environmental and human settlements issues in the United Nations system and to enhance the environmental and human settlement perspectives, in particular their normative and analytic aspects, in the work of other United Nations system organizations;

To facilitate, in this vein, the work of UNEP and Habitat in carrying out their responsibilities as IACSD task managers for a number of environment and human settlements-related chapters of Agenda 21 with a view to enhancing their contributions to the work of IACSD, its subcommittees and the task managers system and other related inter-agency mechanisms, as well as the Commission on Sustainable Development, as appropriate.

management group if required by the specific issue under discussion and so decided by the group. Accordingly, the lead agency of the ad hoc issue management group will invite the respective additional participants.

Reporting

The lead agency of each ad hoc issue management group will submit the report on the results of the group's work to the Chairman of the Group through its secretariat.

The secretariat in turn will submit copies of the report for comments and adoption to the representatives of those organizations-members of the Group who have participated in the respective work. In order to enhance efficiency the deadline for comments should not exceed four weeks. Immediately after the report has been adopted, the secretariat will distribute copies of the report for information to Group members.

When appropriate and in the case of an ad hoc issue management group having been chaired by an organization other than UNEP, after having consulted this lead agency, the Chairman of the Group may bring the report to the attention of the Secretary-General.

In the event that the results of the meetings of the Group and/or its ad hoc group's work have a bearing on United Nations system work in sustainable development, the Chairman of the Group will inform ACC and the secretariat of the Group will communicate the relevant report to the secretariat of IACSD.
